

“RE-BUILT” THE NEXT 50 YEARS

ST. ISABELLA CAPITAL IMPROVEMENT CAMPAIGN 2015

St. Isabella Parish is embarking on a Capital Improvement Campaign in 2015. We are asking your input regarding upgrades and improvements you would like to see on our grounds. This includes our Church, School and other buildings that make up our Parish campus.

Without a Capital Improvement Campaign next year, there are insufficient funds to even do required maintenance. In light of this, we decided to also include improvements and upgrades that are warranted

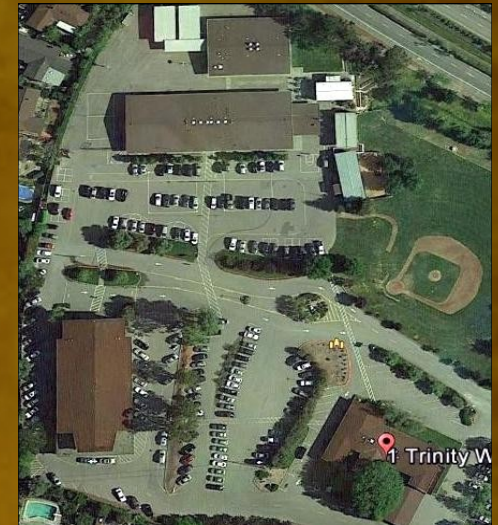

in our overall project. We are gathering suggestions now and ask *your input* on items *you feel* should be included in our effort.

If there is an upgrade you would like us to consider, complete the form on the reverse side of this flyer or go to our website and complete our online entry form.

Please pray for our success. Thank you, *Fr. Mark*

Go to www.stisabellaparish.org
and give us your input on
changes you feel are needed.
