CHRIST THE KING

John 18 : 3 - 37

A King in the ancient world was the highest authority of the land. He made the laws and all owed allegiance to him. Therefore, the question put to Jesus, “Are you a King” is one of life or death. No King will stand for an adversary to his throne.

Pope Francis

Since the world is now interconnected to one another, we humans equally must learn to unite with one another.

Canon Law

If a man changes his gender and becomes a woman. She then finds she has a vocation. Can she enter the convent and become a cloistered nun? No. (The nuns would kick him out immediately.)

The Ethics of War

With the use of AI drones, wars have become more and more destructive. Gaza is a modern day example of this technical power. 70% of Gaza is levelled due to AI military technology. Pope Francis noted AI technology added a remoteness, detachment, coldness those guiding these remote systems. They are not on the ground witnessing the bloodshed and destruction caused by weapons of war. They may be 2,000 miles away from the war zone. This can lead to a lack of conscience, responsibility, even a lack of humanity because we are removed from the tragedy of war. If we lost conscience in wars, then everything is allowed and nothing is forbidden.
